### ***What is the Livingstone Pilgrimage?***

***"I too will go to seek the Lord." -Zechariah 8:21***

Join our Living Stones Pilgrimage to meet the Arab Christian Palestinians, who have maintained a continual living witness in the land of our Saviour's birth and have helped preserve the holy sites sacred to all of Christianity. These living witnesses of Christ's historic presence in the Holy Land can help us understand the Bible by giving us a deeper understanding of its context. They are the Living Stones who with their hearts and hands give evidence of the faith to which the physical stones of the Holy Land bear witness.
